## DRAIN-PIPE HELPS CAPAHASTO VICTORY

Sewer Swallows Ball Twice and Scores Two Home-Runs  
—Score 6 to 3.

A convenient line of exposed sewer pipe, together with a goodly portion of luck and a pitcher who could keep Portageville from hitting the ball, Sunday accounted for the Capahas' 6 to 3 victory over their opponents.

The sewer pipe, which is being covered up along the edge of the outer baseball field, aided two of the Cape boys in making home-runs when the Portageville fielders were unable to retrieve the ball from the sewer and no ground rule had been made in regard to the sewers.

This participation of the 30-inch sewer in the game against them discouraged the Portageville nine, and the Capahas cleaned up in the last two innings they batted.

As an exhibition of good baseball the game was not considered up to standard, although Vangilder, the local twirler, did good work and he was coached into good pitching by his catcher, Snyder.

A change in the schedule for next Sunday has been made, and Cairo will come to the Cape instead of the Capahas making a trip to the Egyptian city. The game between the Cape and Cairo should be an exceptional one, for the reason that it will be between a pair of winners.

Cairo trimmed Sikeston on Sunday by a score of 7 to 3. The other opening game of the league was at Chaffee and resulted in a victory for that team of Illinois by a 2 to 0 score.

Large crowds witnessed the opening game here. Mayor Kage hurled the initial ball, which went behind the batter instead of over the plate. The batsman, however, took a back-handed swing at it and had a strike called on himself. The Mayor then retired in favor of the pitcher who was going to get paid for doing the twirling.

## 500 FEET OF HOSE ORDERED BY FIRE

Business Men Rebuke Bond Opponents and Finance New Purchase.

Following a fire-hose mass meeting at the Commercial Club yesterday morning when plans were made for financing the purchase of 1,000 feet of new hose equipment for the city fire department, an order for the first 500 feet was placed last night by wire, and the second installment will be ordered this morning.

Approximately two-thirds of the funds necessary for the purchase of the hose was subscribed by thirty men yesterday and the remainder will be obtained today.

The hose that is being purchased will be shipped from the factory in New Jersey and it will be some time before it may be received in the Cape. The hose was purchased by the business men's subscription, with a view of offering it to the city. The City Council will be asked to reimburse the men who pay for the hose on the passage of the \$15,000 fire department bond issue.

The mass meeting yesterday grew out of an alarm resulting from the fire Tuesday night when a section of hose broke, making the third section that had broken in three consecutive fires.

The business men who attended the mass meeting lined up virtually solidly behind Mayor Kage in his campaign for the fire department bond issue, and their action in offering to finance work that will be accomplished by the city on the passage of the bonds, last night was interpreted as a slap in the face for those who opposed the bond issue at the last election, as well as a delivery of earnest money for their support at the next special election.

After a discussion that lasted for nearly two hours, the men formed a plan for financing the hose purchase whereby ten men were to sign a syndicate note for \$850 to cover the cost of the hose. Independent of that, petitions were circulated by E. P. Ellis, R. E. L. Lankin and H. A. Nussbaum seeking to get the subscriptions of business men to the fund for the hose.

Seven men had signed the syndicate note last night, as follows: G. L. Meyer, Will Hirsch, M. E. Leming, E. P. Ellis, R. E. L. Lankin, S. M. Carter and H. A. Nussbaum. Most of the merchants who were asked to contribute gave \$25 each.

Mayor Kage, who attended the meeting, was one of the first to donate. He told the conferees that the city still has 600 feet or more of hose of a squirtable quality, which he believes will serve the city until the bond election. He hoped then, he declared, to be able to guide the city in purchasing an ample supply of hose as well as all other fire-fighting equipment.

## DALE BLACK FALLS, BREAKS HIS WRIST

Lad Was Roller Skating When Lost His Balance and Took Tumble.

When he lost his balance and fell while roller skating about 4 o'clock yesterday afternoon, Dale Black, the 7-year-old son of Mr. and Mrs. Charles M. Black, of 411 South Frederick street, sustained a fractured left wrist.

The boy was playing on roller skates with Carl Wasem in front of the Wasem home at Morgan Oak and South Frederick streets. When he fell on the sidewalk his left hand, which he had put out to break the force of the fall, became twisted under his body and the weight of his body caused the fracture.

The Wasem boy picked young Black up and on making a hurried examination, realized that the bone in the wrist had been broken. He helped his injured companion to his home, but found that Mrs. Black had left for downtown only a short time before. He learned from neighbors where the mother could be located and hastened to notify her of her son's injury.

In little more than half an hour he succeeded in finding Mrs. Black and they summoned a doctor, who reached the boy's side forty minutes after the accident occurred. The bone was set at once and the physician declared that the break will mend readily.

The Misses Ella and Grace Brown, stenographer and bookkeeper for the Goodwin & Jean Co. at Delta, are expected home tonight for a week-end visit with homefolks.

The Jolly Twelve Club will have their initial meeting Tuesday at the home of Mrs. A. M. Robertson.

Mrs. Geo. Bingenheimer is visiting the family of her son, John, at Illmo.

The man with money knows that one dollar at a time will build a fortune; one stick at a time makes a cord.

You've often heard about that man who "said nothing and sawed wood." He didn't expect to saw a whole cord at once.

He didn't expect to make a whole fortune at once. But he began with a little deposit in the bank and piled up a fortune almost before he knew it.

Look at the men today who said nothing and "sawed wood" a few years ago. John D. Rockefeller was one of them. You can do the same.

## PAIR TIGERS ESCAPE OBREGON IS GIVEN ZOO AT CITY PARK UNTIL 10 TO-DAY BY U. S. TO SIGN

(Continued from page 1.)

The squirrels which have been donated to the Zoo will be removed from their present location in North Cape to the park Saturday. Mayor Kage has under way a plan for a large cage to cover one of the trees in the park, in which the squirrels may be kept so as to have the use of a growing tree as their home.

R. H. Ruchmann has promised the Zoo a pair of doves, and the Mayor already has perfected plans for a pair of wild geese to be placed in the lake.

Herman Laeffel recently held a conference with the Mayor with reference to the acquisition of a pair of swans. The well-known paving contractor is writing to the park department at St. Louis to learn how swans may be obtained.

Another beautifying feature for the park to be installed within the next year will be a California privet hedge fence along the entire southern side of the park. A strong wire fence will be built along the roadway in place of the high board fence now in place there, and just inside the wire fence the hedge will be installed.

#### CELEBRATES 43rd BIRTHDAY.

Friends Gather at Home of Mrs. John Herbst for Jubilee.

A group of nine friends of Mrs. John Herbst last night attended a birthday celebration at the Herbst home at 904 Broadway in commemoration of the forty-third birthday anniversary of Mrs. Herbst.

A few days ago Mr. and Mrs. Herbst celebrated the eighteenth anniversary of their marriage. Mrs. Herbst yesterday received congratulations from many friends throughout the city and in the country around the Cape.

Cards formed the major part of the celebration last night and a late luncheon was served. Those in attendance were: Mrs. A. Keller, Mrs. A. Frank, Mrs. Leo Bruening, Mrs. L. Brinkopf, Mrs. Joseph Anderson, Mrs. Herman Pape, Mrs. Joseph Barenkamp Jr., Mrs. Joseph Hohler and Miss Lucy Freese.

Mr. and Mrs. Dr. Vinyard and Miss Dorothy Fischer will go to the Cape tomorrow to meet Miss Imogene Vinyard, who has been visiting her sister, Mrs. Blanche Luten, at Caruthersville.

Miss Maude Phillips, who formerly was a teacher in our high school, but who now is employed in the same capacity at Sikeston, and Miss Elizabeth Davis of the Cape, yesterday were visiting Jackson friends. Miss Davis also was a teacher here a few years ago.

Mrs. Sarah Masters, Mrs. C. A. Bedgood, Mrs. J. J. McNeely, Mrs. Macom and Mrs. Obermiller yesterday attended the W. C. T. U. convention at Oak Ridge. They report a good attendance and an interesting meeting.

Jackson is well represented at the Cape high school meet today, judging from the number of cars loaded with people bound for the Cape.

and explosives. A life boat has been rescued containing five dead and seven live sailors. Four life boats are still out. The ship's crew consisted of old men, but no passengers.

Washington, May 10.—The House and Senate conferees who are in charge of the army reorganization, adjourned today with no basis for an agreement in sight. The Senate wants 250,000 men and the House insists that the standing army shall not exceed 175,000 men.

London, May 10.—The British Admiralty denies the claim made by Berlin that a British vessel was badly damaged in a battle between torpedo boats off Ostend on Monday. The statement admits that a few shots were fired, but insists that none took effect.

Queenstown, Ireland, May 10.—It was officially announced tonight that Thomas Kent, another Irish rebel leader, has been shot.

London, May 10.—The Royal Commission appointed to investigate the Irish revolution, has announced the resignation of Lord Lieutenant Wintborne of Ireland. His reason for tendering his resignation was because of the indiscriminate executions. He declares that some of the men put to death were loyal to the government. A probe of these charges is to be made.

#### HAS HAND AMPUTATED.

Drainage Worker Has Hand Mangled in Moving Machinery.

After he had his hand seriously crushed while working on a drainage ditch machine south of the Cape on Friday night, T. C. Buchanan was brought to St. Francis hospital and his hand was amputated at the wrist. Last night he was said to be OK, well.

Parchman is an employee of the Barton-Millard Construction Company, which is working south of the Cape. When the man had his hand mangled, Mr. Barton ordered doctors summoned and ordered his conveyance to the hospital. His physician reached his side first and attended him till his arrival in the Cape.
